Purifying Bars Use our genuine Himalayan Salt Purifying bars to cleanse, exfoliate, and add minerals to your skin.

For best results, dilute the salt bar by rubbing it on a wet wash cloth or on your hands, and then rub your body with the cloth. Using the salt bar directly on the skin may cause irritation, as pure salt is highly concentrated.

You can even use your purifying bar dry as a massage bar. Simply rub the dry bar on your skin, and notice how smooth and alive the skin looks and feels!
